“

I am delighted to know that the Centre for Alternative Dispute Resolution (CADR-RGNUL) is organizing the 4th Edition of RGNUL Sports and Entertainment Law Mediation Competition (SEMC) in April 2022. Mediation, an effective alternative to litigation, facilitates the resolution of conflicts ranging from disputes to divorce. In addition to benefits of time and cost-efficiency, mediation provides fair forums to resolve conflict. Face-to-face negotiations and shuttle diplomacy aid in managing different disciplinary, broadcast and sports-related disputes. CADR-RGNUL focuses on integration of theory and practice of dispute resolution through mediation. The Centre has been creating opportunities to engage students of law in dialogue for enhancing their mediation skills. The 4th edition of RGNUL Sports and Entertainment Law National Mediation Competition (SEMC) will provide students an opportunity to test their mediation skills.

I wish all participants a great learning time and success!

A MESSAGE FROM THE REGISTRAR-CUM-FACULTY COORDINATOR, CADR

Right from the day of its establishment, the Centre for Alternative Dispute Resolution (CADR), RGNUL, has kept up its momentum in promoting events and activities that help the students grow, as well as draw their attention to the significant aspects of the world of ADR. The success of the previous three editions of the RGNUL Sports & Entertainment Law Mediation Competition (SEMC) vouches for the wonderful work done by the Centre till date. It fills me with profound pride to see that CADR-RGNUL has left no stone unturned in its efforts to make the fourth edition an equally grand success. Despite the online nature, the 4th SEMC is brimming with promises of exhilarating and quality competition.

The competition is being organized in collaboration with PACT, a dynamic group of professionals who are dedicated to nurturing the interests of students in the process of mediation. We are also extremely grateful to have Markanda Advocates with us as the Chief Knowledge Partners. I am confident that this edition, like all the previous editions, will be conducted most diligently and professionally aided with a well-designed set of Mediation Problems. I urge students to make the utmost use of this wonderful opportunity and propel their practical understanding of Mediation to greater heights. We look forward to your enthusiastic involvement.
